What you need to know

Coronaviruses are a type of virus that can affect humans and animals. Some coronaviruses cause illnesses similar to the common cold and others cause more serious illnesses, including Severe Acute Respiratory Syndrome (SARS) and Middle East respiratory syndrome (MERS).

What are the symptoms?

- Fever
- Cough
- Fatigue
- Sore throat
- Shortness of breath

How to stop it spreading

- Wash your hands regularly
- Cover your coughs and sneezes
- Stay home if you’re unwell
